

Peace of Mind, RESPECTFULLY DELIVERED

*The smart way to detect falls and improve safety while honoring the **dignity** and **independence** of your loved one*

MyRaina Understands Movement

The MyRaina system helps prevent falls - and limit the impact of falls when they do happen - by providing 24/7 monitoring and instant alerting

- Monitors movement and posture without capturing videos, photos, or audio recordings
- Analyzes data to detect falls and anticipate fall risks
- Alerts caregivers when a fall or risk is detected, facilitating a rapid response and immediate care

Privacy is Paramount

MyRaina stores:

- ✓ Movement and position data
- ✓ Time stamps of events (falls, fall risks, etc.)

MyRaina does not store:

- ✗ Video or photographs
- ✗ Audio, including personal conversations

Not Another Camera

*Your loved one deserves to maintain their **dignity**. Our patent-pending clock replaces intrusive cameras with a discreet, common household fixture that eliminates the inevitable discomfort of traditional systems*

We value transparency and welcome your questions!
